

Designed for Distinction

Engineer

Position: Project/Site Engineer

Location: Dubai, UAE

Salary: Negotiable, based on experience

About the Role

Join our team as an **Engineer** and take charge of delivering **high-end fit-out, construction, and renovation projects** on time and within budget.

Key Responsibilities

- Oversee day-to-day **site operations** and coordinate with subcontractors
- Ensure **project timelines**, budgets, and quality standards are met
- Conduct **site inspections** and monitor health & safety compliance
- Review and approve shop drawings and material submittals
- Provide technical guidance to the project and drafting teams
- Liaise with clients and consultants to ensure smooth project execution

Key Requirements

- Bachelor's degree in **Civil Engineering, Architectural Engineering**, or equivalent
- Minimum **4+ years of site experience** in **fit-out, construction, or renovation**
- Strong project management, quality control, and leadership skills
- Familiarity with **construction codes, safety regulations, and project documentation**
- Proficient in **MS Project, AutoCAD, and relevant engineering tools**
- Own vehicle with valid UAE driving license
- Based in or around **Dubai**
